

# Document Storage

## SPECS

DocumentStorage™ provides cloud-based storage where documents can be scanned, uploaded, and stored for an infinite number of days. Leasing offices can also manage and organize documents so corporate employees, property managers, and leasing agents can simply generate leases and documents from one location. Entrata partnered with NAA Click&Lease to provide clients with real-time syncing for Blue Moon documents. Simply log in to DocStorage with your Blue Moon information to begin uploading and storing documents for an unlimited amount of time.
