With Entrata Customer Relationship Management solution effectively spend your time focused on what matters most, building relationships with your community of prospects, leads, and residents.

The Entrata CRM is managed all in one place and provides you with lead management and organization tools, a communication platform to connect you to your community throughout the entire customer journey, centralized dashboards to capture key data to help make strategic decisions, and more.

## BENEFITS OF ENTRATA'S CUSTOMER RELATIONSHIP MANAGEMENT TOOL

---

### LEAD ORGANIZATION

Never lose track of a lead again. Find all the information you need about a lead, including the lead source, to waste less time and focus on conversion and retention.

### EXCEL IN CUSTOMER EXPERIENCE

Your time is valuable and so is your customers. That's why Entrata CRM makes it easy to build crucial relationships with your community of prospects, leads, and residents by enhancing productivity, capturing key data, improving communication strategy, and more.

### GAIN TIME BACK

With Entrata CRM you can automate everyday tasks at the corporate and property level so that you can focus on what's important the most important experiences you can provide to help your communities thrive.

### BUILD EFFICIENT TEAMS

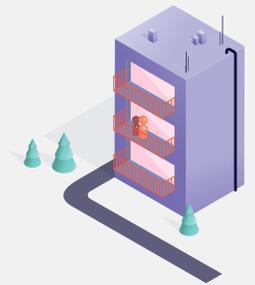

With Entrata CRM your team can leave detailed notes of "to-do's" for a lead and keep track of them throughout the entire lead to lease process. No dropoff points equals no leads lost.

### RELIABLE DATA AND REPORTING

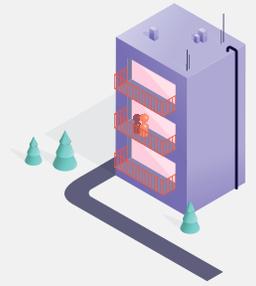

Because Entrata is a single-sign-on platform, your data reports give you full visibility into your leasing performance and you will spend less time gathering data and more time serving prospects and residents.

### DATA VISUALIZATION

Entrata CRM has a variety of dashboards and interactive tools to help you visualize and analyze your data to make better decisions. From where and how to spend your marketing dollars, to receiving a birds-eye view of crucial property statistics to help you track progress with leads, move-ins, and renewals, you'll receive the data you need in a consumable, easy to understand way.
